

Steven Woodhouse

Steven is a seasoned Chief Information & Technology Officer, strategist and visionary. Leading a division of 112 staff across two geographical locations, Steven has a key transformation role for developing enterprise wide information communications technology and management solutions.

He has a dynamic IT career spanning 20 years in information, communications and technology (ICT), Information Security (IS) and geographic information systems (GIS) disciplines as a CIO, CTO, Manager Technical Services and Information Security specialist in both the public and private sectors.

Steven received his Doctor of Information Technology from Charles Sturt University based on his research area of Information Security. He also has a Masters of System Administration from CSU and a Graduate Certificate Industrial Management from UNSW.

Steven is a Senior Member of the Australian Computer Society and Certified in the Governance of Enterprise IT (CGEIT) by ISACA. He is also a Graduate Australian Institute Company Directors (GAICD) and an Accredited SFIA Consultant.
